FUTURE

18 YEARS

is the average service life for new asphalt pavements. The structural life of a properly designed, constructed and maintained Perpetual Pavement.

INFINITE

today's pavement of choice across America. With local producers in every community, road owners have a competitive marketplace for the smooth, long-lasting pavements drivers demand. Asphalt is the best choice for value and performance, today, tomorrow and into the future.

TOMORROW

12+ year gain in service life from a thin asphalt overlay at an annualized cost as low as 25¢ per square yard. A 2 inch asphalt overlay can improve IRI by 

MORE THAN

100 in.

mi

When it comes to long-term value

ASPHALT PERFORMS

TODAY

94% of U.S. roads are surfaced with asphalt. Asphalt contractors are in every community:

≈ 3,500 asphalt plants operate in the U.S.

MORE THAN

400K jobs connected to asphalt across the country.

FUTURE

value

Asphalt’s superior performance and value make it
